

**Child Welfare Network
Meeting Minutes
Thursday, January 16, 2014, 7:30-9:30 a.m.
Las Vegas Country Club, Rotunda Room**

Our Vision

The Child Welfare Network seeks to create public accountability and better outcomes for the children and their families that it serves.

Our Mission

Support information-sharing by providing a forum where individuals and organizations concerned about children in Nevada's child welfare system can exchange resources, ideas, problems, and solutions through learning from one another and providing all members an opportunity to be heard:

Promote collaboration among service providers, county and state administrators, educators, parents, and foster parents, youth, private funders and concerned citizens with the collective focus on the best interests of children who are fundamentally our constituents; and

Take action that leads to real results by advocating with a united voice on child welfare issues to improve services that respond to the needs (and improve the lives of) children and families in Nevada.

Welcome and Introductions

Denise Tanata Ashby called the meeting to order and extended a thank you to all in attendance. She reviewed the activities for the day and made the appropriate introductions.

Member Highlights

Denise asked that agencies interested in making a short informational presentation regarding their agency during this time on future agendas to contact her (or Shauna Davis) to schedule.

Howard Olshansky of Boys Town shared that Boys Town has been active in Nevada since 1991 and reaches out to kids from 10-18 yrs. of age. The presentation also explained that about 8-10 years ago Boys Town incorporated the residential model because of the importance of the family structure involved. He stated that the residential/teaching model is serving ~70 residential children and ~2000 community education participants. These are child management and skill based programs including follow-up procedures.

The Latin Chamber of Commerce, CCSD and Boys Town secured a collaborative grant from the Engelstad Foundation focused on support and educating kids and families on issues of basic needs. Boys Town is also a provider for CCSD for wrap-around services.

Barbara Buckley spoke to the group about services available from Legal Aid Center of Southern Nevada (LACSN). She spoke about the many resources available including:

- 1) Community Legal Education Project, free bi-lingual classes taught by law students, available to anyone regardless of income level

- 2) Civil Law Self-Help Center in the two courthouses, serves about 45,000 annually and is available to anyone regardless of income level
- 3) Consumer Rights Project
- 4) Children's Attorney Project has about 15 staff and 500 volunteers. This program is aggressive in getting client's needs met, partners with CASA and includes legislative and policy work.
- 5) Domestic Violence Project including Immigration issues
- 6) Pro Bono Project- Boyd School of Law supports this program.

Preparing for 2015 Legislative Session

There was a meeting held on 12/3/13 to begin to develop CAA Policies for the 2015 Legislative session. Topics discussed at the meeting included:

- Foster Parents Bill of Rights
- Biological Parents Bill of Rights
- Reducing Case load size for caseworkers
- Implementing trauma-informed care into practice
- Establishing licensing and quality standards for services provided to children (e.g. mental health services)

If any agencies or individuals would like to present thoughts or ideas, please contact CAA as soon as possible. Legislative meetings are being held soon and will be limited in number.

Building Connections

DFS is working on finalizing the Building Connections report. Mari Parlade will strategize with Shauna (CAA) to streamline next steps for Building Connections. More information on Next Steps for Building Connections will be coming soon.

Presentation:

Child Welfare Federal Review Process

Presented by Jill Marano, Deputy Administrator for DCFS

Acronym Guide

- DCFS-State of Nevada Division of Child and Family Services
- DFS- Clark County Department of Social Services
- WCDSS-Washoe County Department of Social Services
- CFSR -Child and Family Services Review
 - This is a review process conducted by the Federal government. Every state must be in compliance to receive federal funding.
- PIP - Program Improvement Plan. Nevada is completing their second PIP.

- CFSP -Child and Family Services Plan
 - CFSP is a 5 year strategic plan for the State of Nevada's child welfare system. Nevada is currently working on the 2015-2019 Plan.

Jill Marano gave an overview of the progress for Nevada's second Program Improvement Plan and presented an overview of the CFSR process. The CFSR is a federal review process which is mandatory to receive child welfare funding (Title IV-E funds). The three goals of the CFSR are: 1) ensure conformity with federal child welfare requirements, 2) determine what is actually happening with children and families as they are engaged in child welfare services, and 3) assist states with helping children and families achieve positive outcomes. After completion of the CFSRs, States enter into a Program Improvement Plan (PIP) which is a plan to enhance safety, permanency and well-being outcomes for children and families. Nevada has participated in two CFSRs and has successfully completed two PIPs. In addition to the CFSRs and the PIPs, Nevada is also required to have a 5 year strategic plan which is called the Child and Family Services Plan (CFSP). There will be an opportunity for community members to provide their input before the 2015 plan is finalized.
